Dear Friends,

We are very excited to celebrate the 20th annual International UFO Congress at its new location outside of Scottsdale, Arizona!

As many of you know, Bob Brown retired last year and Open Minds Production agreed to continue bringing you the tradition of the Congress. While some of you may be concerned about the change of location and new ownership, we can assure you that Open Minds is just as dedicated to the Congress and its mission and intend to keep the tradition alive in the way to which you all have grown accustomed in the past nineteen years. Like the Browns, we at Open Minds are a family, and while we may not all be blood-related, we all share the enthusiasm and desire to know more about this field and to educate the public about what unearthly events are occurring around us. It is for this reason that we have dedicated ourselves as a company to explore these ideas through our bi-monthly magazine, website, weekly radio show, and video productions. Our desire to bring UFO news and evidence to the masses is not only our passion, it is our mission.

The 2011 International UFO Congress is certain to be a success.

Our team has spent the past year putting together an exciting program that will surely make this one of the most memorable years for the Congress. Our scheduled presenters are some of the most influential and knowledgeable in the world on the subject of UFOs and extraterrestrials, and for many speakers, this will be their first time presenting at the Congress.

Additionally, we guarantee that you will love our new location, which rests just outside the Phoenix metropolitan area on the beautiful Yavapai Nation. The Radisson Fort McDowell Resort is adjacent to the Fort McDowell Casino, making for easy access from your hotel room to the conference. For those of you who enjoy the casino experience, the Fort McDowell Casino is one of the best in the state! In addition, the property has a variety of different dining options from restaurants focusing on regional flare, to buffet style, to healthy quick options. All of this is just a short drive from the Phoenix Sky Harbor International Airport. Shuttle options to and from the airport are also available through the Congress.

Don't miss the 20th International UFO Congress, as we continue the tradition and bring you new and updated events. Sign up before January 23, 2011 and get the entire 5-day event, including access to all speaker presentations, the EBE UFO Film Festival screenings, the Meet the Speakers Cocktail Party, and the EBE Awards Banquet for **\$240.00!** The International UFO Congress is the largest and most popular UFO conference in the world, and you don't want to miss it!

Warmest Regards,

The International UFO Congress Team
